

Disability Access and Inclusion Plan Achievements

2020 – 2024

EASY READ VERSION

How to use this plan

TAFE SA wrote the Disability and Access and Inclusion Plan (the Plan).
When you see the word 'we' it means TAFE SA.

We have written this plan in an easy to read way.
We use pictures to explain some ideas.

This easy to read guide is a summary of our achievements.

You can read our Plan in detail on the website.

You can ask for help to read this plan.
A friend, family member or support person
may be able to help you.

About our plan

TAFE SA has made this plan to make sure everyone is included at TAFE SA.

Participate

Being included means everyone can participate and join in.

We will make things better at TAFE SA for people living with disability.

We want to consult with lots of different people about our achievements and what we can do better.

We will consult:

- > Students who are enrolled at TAFE SA.
- > Staff who work at TAFE SA.
- > People who work and care for people living with disability.
- > People in the Community.

Our priority areas and actions

1

2

3

4

There are four sections in the plan

- 1. Inclusive Communities for all**
- 2. Leadership and Collaboration**
- 3. Accessible Communities**
- 4. Learning and Employment**

1

Section 1. We will make sure TAFE SA is inclusive

These are some of the things we have achieved:

- > We listen and learn from people living with disability.

- > We make sure that everyone who works at TAFE SA knows about this plan.

- > We speak to schools, employers and disability organisations to support people with disability.

- > We developed a toolkit to help our staff make our events available to everyone.

2

Section 2. We will make sure people can participate in decision making

These are some of the things we have achieved:

- > We listen to and talk with students and staff living with disability and ask them for ideas.

Student Group

- > We create a student group to listen and talk with students and get their input.

Better support and services

- > We talked with other specialist organisations to make our support and services better.

- > We provide a report each year to show what we have achieved.

3

Section 3. We will make sure TAFE SA is accessible

These are some of the things we have achieved:

- > We have information available in different formats.

- > We have study places and services that are easy to access.

- > Our buildings are easy to get into and around in.

- > We regularly check our facilities and services for ease of access.

4

Section 4. TAFE SA provides quality training and education for employment

These are some of the things we have achieved:

- > We have support services that understand that there are many types of disability.

Staff support

- > We work to support our staff living with disability.

- > We have support services that are easy to access.

- > We have information that everyone can access.

- > We work with specialist disability services to help with job issues.
