Management Plan Amendments

The Southern Kangaroo Island Marine Park Management Plan was adopted in 2012. It provides the statutory basis for the management of Southern Kangaroo Island Marine Park. It is a strategic document that defines the boundaries of the various zones and sets out strategies to address management challenges.

The Minister for Climate, Environment and Water may amend a marine park management plan at any time. As required under the *Marine Parks Act 2007*, a draft amendment must first be prepared and released for public consultation.

Amendments are now proposed to the Southern Kangaroo Island Marine Park Management Plan.

The Southern Kangaroo Island Marine Park Management Plan Draft Amendment is now released for public consultation. Members of the public are invited to make a submission.

After all submissions have been received and considered, a final marine park management plan amendment will be prepared and forwarded to the Minister for Climate, Environment and Water for consideration, together with a detailed analysis of submissions received.

This draft amendment proposes the following alterations to the Southern Kangaroo Island Marine Park Management Plan.
