

NORTHERN EYRE HEALTH CARE PROJECT BRIEF

PROJECT FUNDING

Commonwealth Innovative
Models of Care Program
\$1,387,688

TIMELINE

3.25 years
October 2024
to December 2027

TEAM

Senior Project Officer
Project Officer
Aboriginal Project Officer
Administration Officer

In 2024, the Northern Eyre Peninsula Health Alliance partnered with Eyre and Far North Local Health Network to secure Commonwealth funding via the Innovative Models of Care Program to deliver a new Primary Care Model for the Northern Eyre region.

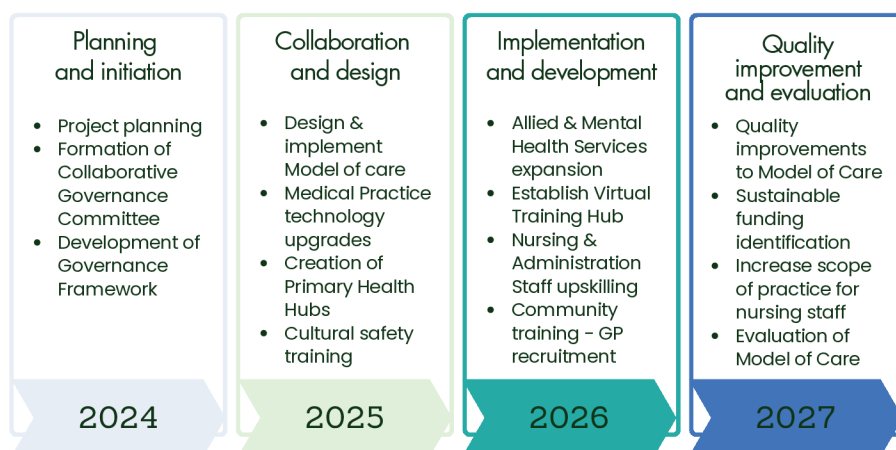

The Northern Eyre Peninsula Health Alliance (NEPHA) formed in 2019 as a cross-jurisdictional alliance comprised of council and medical practice representatives from the region including:

- Kimba
- Cowell
- Cleve
- Elliston
- Wudinna and
- Streaky Bay

NEPHA seeks solutions to widespread market failure of medical practices across the region and the resulting critical health workforce shortages.

The project will develop and evaluate a model of primary care to improve health workforce recruitment and retention regionally by:

- Design and implementation of a centralised coordination service for primary health care services
- Creation of primary care hubs for health care delivery
- Supporting medical practices with technological improvements
- Upskilling the local nursing and administrative workforce
- Enhancing allied health and mental health service provision
- Ensuring the cultural safety of primary health care services
