Western parcel (11 hectares)

What is your level of support for EACH of the key features? Please tick/place a coloured dot in your chosen box for each feature.

Western Parcel	Strongly Support	Support	Neutral	Oppose	Strongly Oppose
More than 60% of site to be retained for open space, sport and community use					
Protection of the Third Creek biodiversity corridor, significant trees and native vegetation that surround the creek					
Retention and enhancement of key sport and community facilities, including a gym upgrade					
An additional soccer pitch on site, subject to further investigation of any tree loss and community consultation					
Aged care and retirement living to be built largely on the footprint of existing University buildings					
Mix of building heights, limited to five-storeys with the intention of not exceeding the tree canopy					
Children’s Centre retained on a long-term lease					
Walk-through public access to Third Creek will be maintained through any development on site					
Murray House retained as an important heritage asset					
Existing Community Facilities Zone to be retained, with a new Subzone to allow for aged care and retirement living					
Consideration given to reuse of existing buildings					

Is there anything you wish to say regarding any of these features?

Have we missed something in the draft structure plan?

YourSAY online engagement

Renewal SA uses YourSAY, the SA Government engagement tool to collect community feedback for its projects.

YourSAY is hosted on an award-winning platform that has been used for public engagement successfully by many councils and government agencies in Australia and globally.

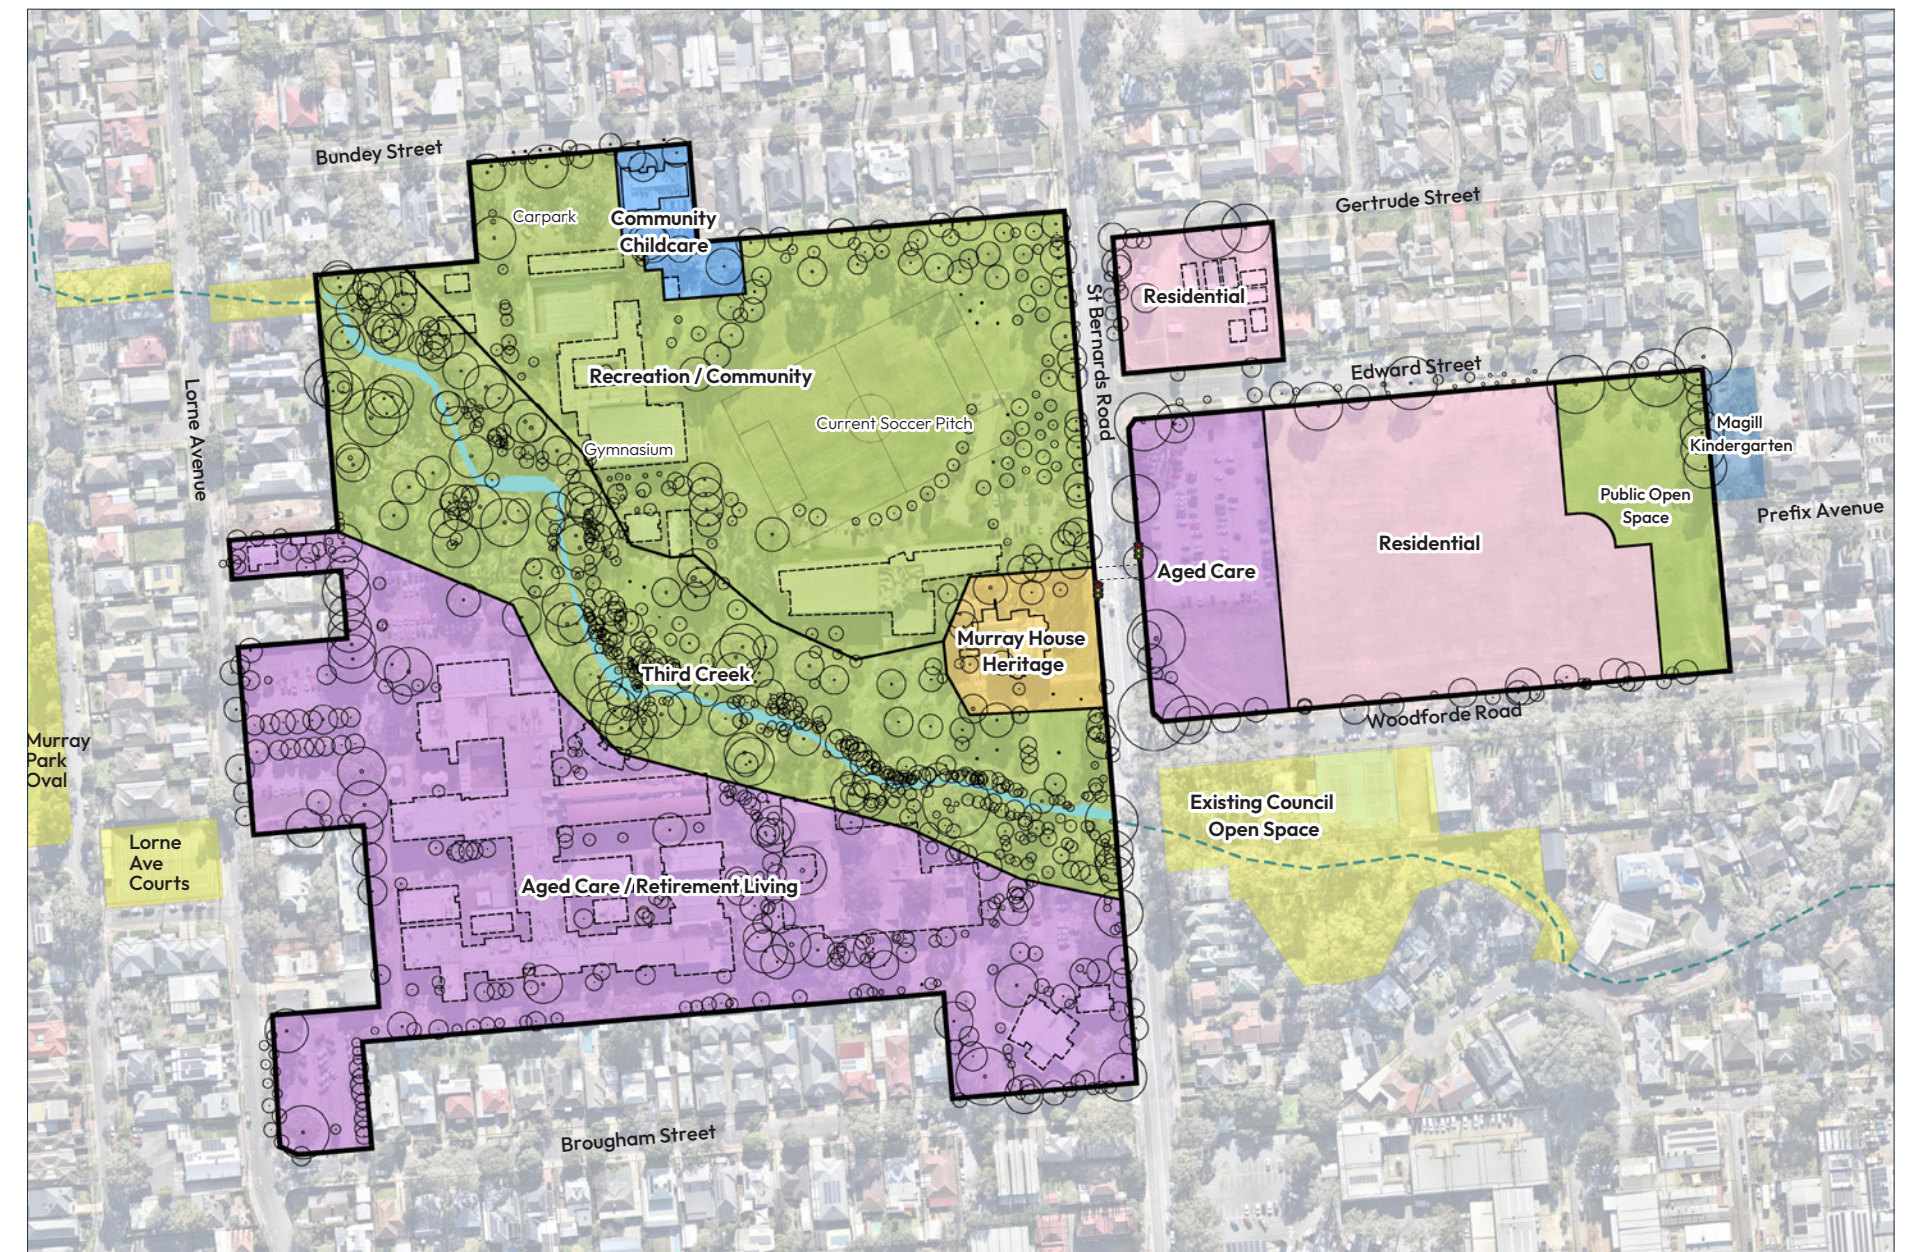

The YourSAY platform features include interactive maps, surveys and information pages.

How do I use YourSAY?

YourSAY allows you to access information and provide feedback quickly and conveniently using a computer (desktop or laptop) or a mobile device.

Start by reading the information provided on the engagement landing page. To learn more about the project and how you can provide your feedback, you can navigate to:

- ▼ View the engagement timeline
- ▼ View the additional documents and resources
- ▼ Use the interactive tools (e.g. survey, interactive mapping) – below the general information ('Get involved' and 'What are the next steps?')

The 'map' presents the project site where you can access more detailed information by selecting your area of interest from the legend or by clicking on the specific area of interest in the map. Project information, images, illustrations and mini-survey questions may appear for your feedback (ideas/comments, image upload, voting, rating and much more).

You can visit the YourSAY site as many times as you wish during the engagement period.

If you require further information on the project please visit renewalsa.sa.gov.au/projects/Magill
