

Renascor Battery Anode Material Facility

About the development

Renascor Resources has submitted a development application for the construction of a Battery Anode Material (BAM) Facility at Robinson Road, Waterloo Corner.

The proposed facility will include:

- industrial buildings / plant
- storage silos
- unloading and loading facilities
- water treatment plants
- a packaging facility
- other ancillary buildings.

The primary purpose of the facility is to produce purified spherical graphite, a key material in the manufacture of lithium-ion batteries used in electric vehicles. This material will then be exported to international markets.

Development assessment process

This application has been categorised as an [Impact Assessed Development](#), the most rigorous level of development assessment in South Australia. As part of the process, Renascor Resources Limited has prepared an Environmental Impact Statement (EIS) to evaluate the social, environmental and economic impacts of the development.

The EIS is now available for public consultation.

How to access the Environmental Impact Statement

The EIS can be accessed on the [Plan SA website](#) and the [YourSAY page](#). If you prefer to view a hard copy, please visit:

- DHUD-PLUS, Level 9, 83 Pirie Street, Adelaide
- Salisbury Community Hub, 34 Church Street, Salisbury.

If you wish to purchase a hard copy, please contact DHUD on 1800 752 664.

Share your feedback on the Environmental Impact Statement

You are invited to provide your feedback on the EIS by:

- completing the survey on [YourSAy](#)
- completing the online submission form on [PlanSA](#)
- emailing spcreps@sa.gov.au (with the subject line *Renascor BAM Facility EIS Submission*)
- posting to:
 Minister for Planning
 Attention: Robert Kleeman, Manager, Crown and Impact Assessment
 Planning and Land Use Services
 Department for Housing and Urban Development
 GPO Box 1815, ADELAIDE SA 5000.

Upcoming information sessions

Join our community drop-in session with DHUD-PLUS and Renascor representatives to learn about the project and the impact assessment process.

Date and time: Wednesday 4 September 2024 – 4:00pm to 6:00pm
 Venue: St Kilda Community Hall, 2 Beach Road, St Kilda.

Can't make it in person? An online information session will be held on Friday 6 September 2024 at 5:30pm to 6:30pm.

For further information and to attend a session go to the [YourSAy page](#).

Next steps

The consultation closes on Friday 27 September 2024. All submissions will be made publicly available on the PlanSA website.

Your feedback will be important in the development of Renascor's Response Document. The State Planning Commission will also consider your input when making a recommendation to the Minister for Planning. The Minister's final decision will be published on the [PlanSA website](#).
